BATTERY SIZE AND INSTALLATION

⊖ **Learn more about this campaign**

Description: During a recent investigation of reported battery fires in 2013-2018 RAV4 vehicles with gasoline engines (excluding hybrid models), Toyota discovered that many non-Toyota retailers and others who sell or install replacement batteries were recommending a small size battery for replacement. Toyota specifies a particular size replacement battery for the RAV4 that does not include this small size. The smaller battery may not fit securely with the RAV4's battery mounting parts, and, in some cases, can move around when the vehicle is driven, causing a short circuit. If the owner prefers, the dealer can apply the label during this inspection for them FREE OF CHARGE.

Remedy: Any authorized Toyota dealer will perform one inspection of the battery to confirm if it is the correct size FREE OF CHARGE. If certain components used to secure the battery in place are damaged or missing during this inspection, they will be replaced FREE OF CHARGE as long as the correct size battery is installed. We are also enclosing a label and placement instructions along with the owner communication. The label will include battery replacement information that will assist service providers who may replace the battery in the future. If the owner prefers, the dealer can apply the label during this inspection for them FREE OF CHARGE.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
